arch. Dimitrios Katsireas; Funz. tecn. arch. Marcantonio Virgadamo (responsabile sicurezza in fase di progettazione).

A grid of 30 photographs showing various coastal and urban landscape views. The images are arranged in two rows of 15. The top row shows dirt paths, rocky shorelines, and buildings near the sea. The bottom row shows similar views from different angles, including some with more vegetation and others with more urban structures. The photos are numbered 1 through 30 in small red boxes in the bottom left corner of each image.

EX DISCARICA "SPERONE"

A detailed technical drawing or map showing a coastal area. The drawing includes contour lines, buildings, roads, and the sea (MARE TIRRENO). The drawing is oriented horizontally, with the sea on the right and the land on the left. The land area is divided into various zones, some of which are highlighted with red and blue lines. The drawing is a plan view, showing the layout of the area from above. The sea is labeled "MARE TIRRENO" in several places. The land area is filled with various symbols and lines representing buildings, roads, and other features. The drawing is a technical representation of the coastal area, likely used for planning or construction purposes.
